

T5 CIRCLIGHT™ ADAPTER

electronic

22W-830

**SAVE up to \$53
in energy costs!****

- 
70% Less Energy
 Consumes only 22 watts of energy - 53 watts less than a 75-watt incandescent bulb. This bulb saves \$53 on your electric bill over its 10,000 hours of life.
- 
7 Times the bulb life
 The circline bulb lasts 7 times longer than your standard incandescent bulb.
- 
Cooler & Safer Operation
 Circline bulbs are not hot to touch. Excellent replacement for hot operating incandescent bulbs.
- 
Bright Warm Light
 Excellent Color Rendering Index (CRI>82) and soft warm color of 3000°K
- 
Flicker-free - InstantON™
- 
NEPTUN® T5 CIRCLIGHT™ Bulb included

* Available in the following color temperatures (°K):
3000, 3500, 4000, 5000, 6500

** Over the average rated life of the 22 watt bulb (rated at 10,000 hours with light output of 1200 lumens) compared to a 75 watt incandescent bulb (rated 1200 lumens).
Based on 10¢/ 1kW.
